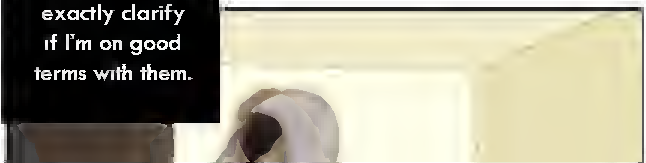
I've had two nights of insufficient sleep. Do I have to go to class today...?

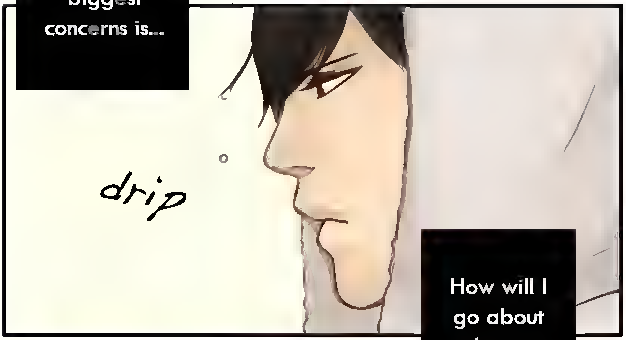
There will be less of a commotion than yesterday, but people are still going to talk.

Rachelle said her friends "understood," but that doesn't exactly clarify if I'm on good terms with them.



Not to mention Roscoe never did bother coming back to the dorms... I would assume he's upset with what I put his sister through. I wouldn't blame him.

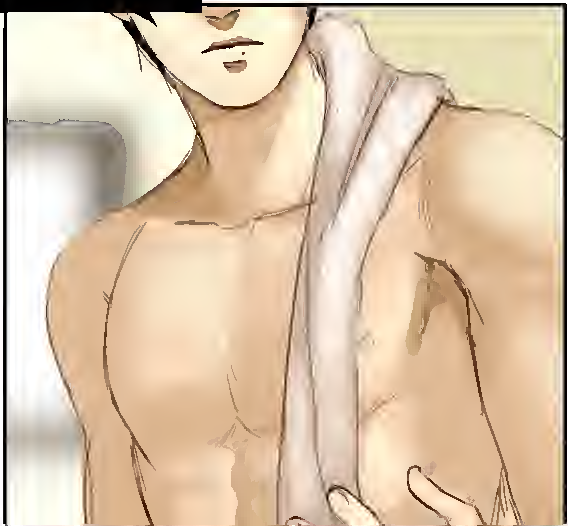
One of my biggest concerns is...

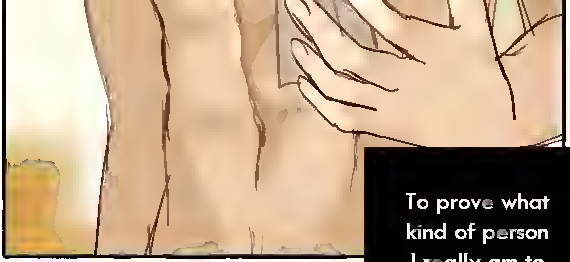


How will I go about redeeming myself?

Right now, I feel that there's a heavy pressure

on my shoulders.

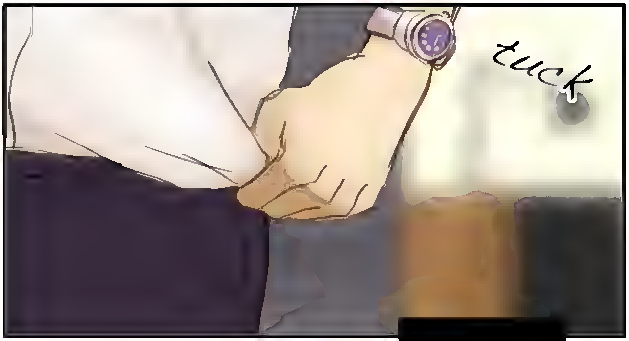




To prove what kind of person I really am to everyone... the SC... and even Rachelle.

But in reality, I'm not even sure what kind of person I truly am either.

After wearing a mask for so long, I realized I lost a sense of my own identity.



But even in all this unclarity...

She's the
one thing I'm
certain about.

whisper

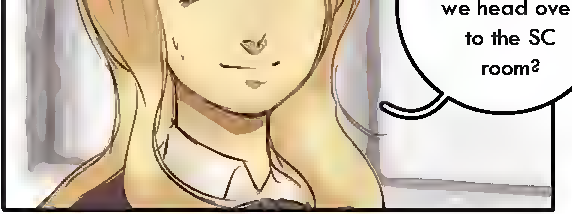
There's a rumar going around that the scandal was all a bluff!
I dunna. I feel like it's probably a caver up.
mutter

Dindin.

Omigosh!
Both of them
are here!

You learned how to button your shirt...!
Why are you saying that like I *didn't* know how to?

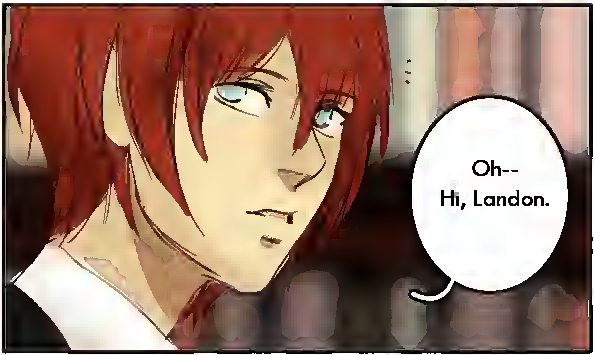
STARE
We're drawing a lot of attention just standing here.
Hey um... why don't



Sure.

Morning, Roscoe! Where are the others?
Ah, hey sis. I think they're delivering some reports to the headmasters right now.
I see...Um--

I-I brought Dindin here with me!
Hey...



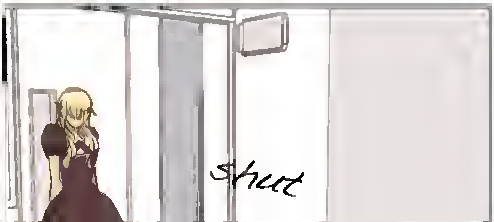
Oh--
Hi, Landon.

-AWKWARD SILENCE-

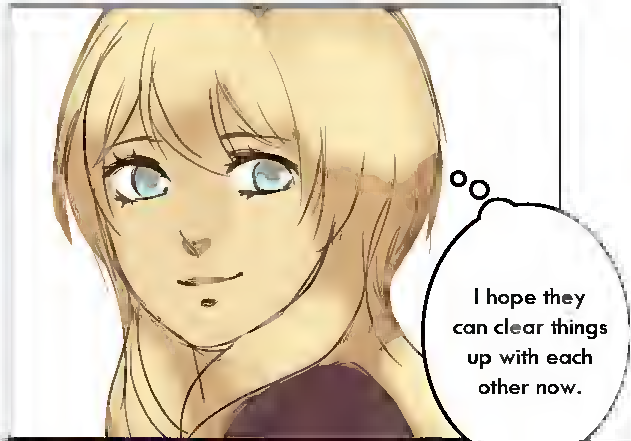
Drinks sound great right now, don't you think? I'LLBERIGHTBACK SOSTAYHERE!!!
DASH

She's leaving us alone together ?!?

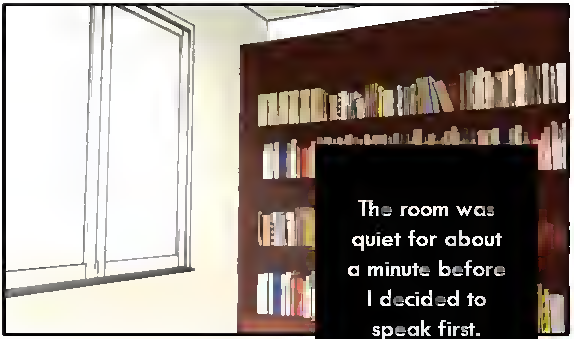
What the hell am I suppased ta say to him?



Shut

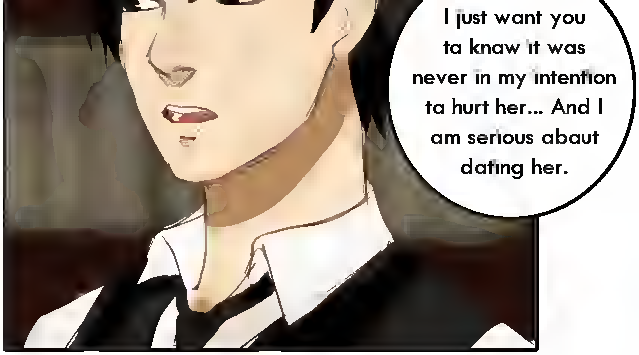


I hope they can clear things up with each other now.

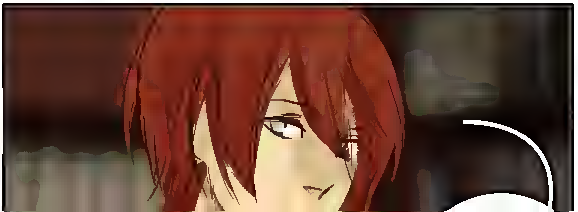


The room was quiet for about a minute before I decided to speak first.
I'm... sorry I kept my relationship with Rachelle

a secret from you.
You gave me your trust and I only screwed things up by pulling her into my own problems.



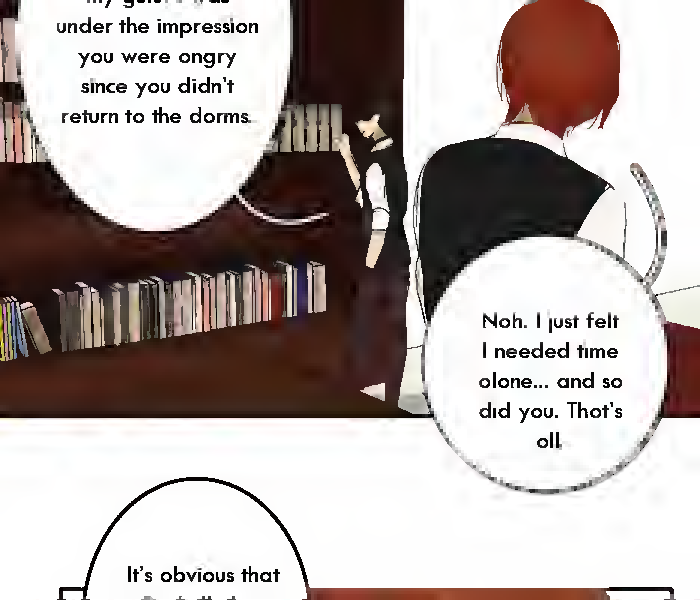
I just want you ta knaw it was never in my intention ta hurt her... And I am serious abaut dating her.



I know...
I don't blame you too much for keeping it a secret either.

We did start off on the wrong foot. The SC was skeptical about you too, so it's easy to assume we wouldn't approve.

Wait-- So... You don't hate my guts? I was



under the impression you were angry since you didn't return to the dorms.
Nah. I just felt I needed time alone... and so did you. That's all.
It's obvious that

Rachelle has been a lot better since you came along.
She hasn't neglected her health since then and she's way happier with you around.

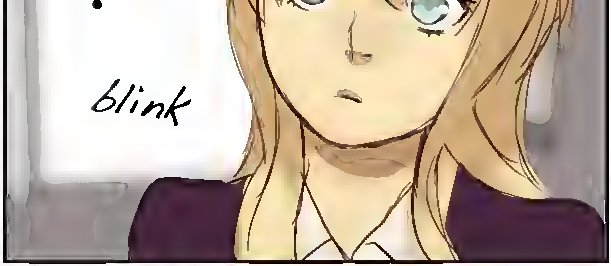
?



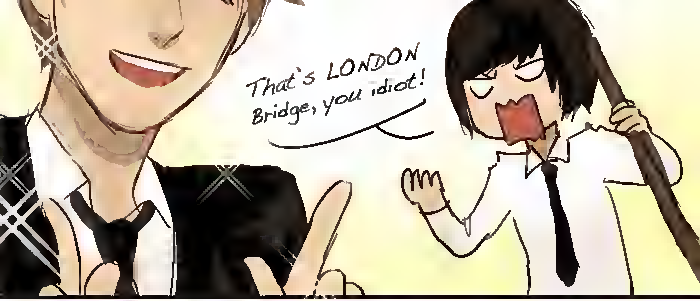
What do you think Roscoe and the Phony Prince are talking about in there?

Guys! We have more productive things that we can be doing right now!

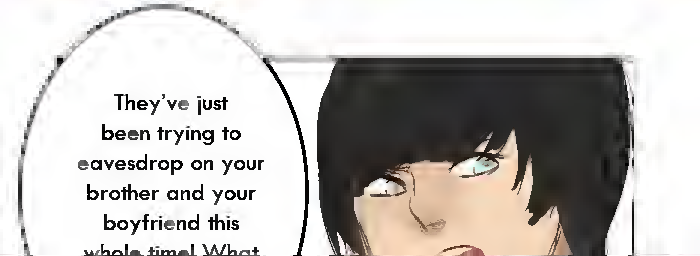
Maybe Landon is asking for permission to have Rachie's hand in marriage?

Eh. I doubt it... I'm hoping Roscoe is telling that loser off.
Are you guys talking about Dindin?

R-rachie! Did you hear us say 'Landon'? We weren't talking about him-- We were just referring to that one song--
Landon Bridge is falling down~ falling down~



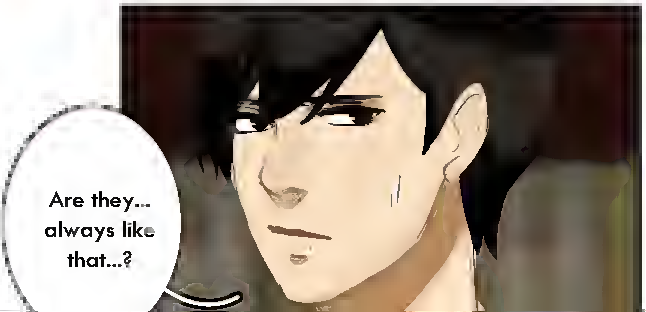
That's LONDON Bridge, you idiot!



They've just been trying to eavesdrop on your brother and your boyfriend this whole time! What

whole time. What we need to do is--

I can't hear anything?
Why doesn't anyone ever listen to me...
Shh! Be quiet for a second!
Hey.. We can hear you guys...



Are they... always like that...?

Well, yeah.

But...

I think you'll grow to like them.
